Imagine the ability to make only the sounds you wanted to hear louder, clearer and easier to understand.

Now you can.

This Clarity Professional product uses patented Digital Clarity Power™ technology to recognize and amplify conversations. Not only does Digital Clarity Power technology dampen noise and sudden sounds, it actually recognizes the human voice and focuses on making your conversation easier to hear and understand.

Discover the joy of once again being able to communicate with ease. Hear friends, family and business associates clearly, with Clarity Professional and Digital Clarity Power.
